

CONSUMERS ENERGY AND DTE ENERGY OFFERING UPCOMING TRAINING WEBINARS

A newly refreshed mobile app designed to make submitting rebate applications easier and faster is now available! Join Consumers Energy and DTE Energy as we host an online webinar to introduce the Power Rebate App. During this brief presentation, we will cover:

- An introduction to the Power Rebate App
- Benefits
- Tricks and Tips
- Application Submission Demo

Service and installation technicians, service managers and office staff are invited to join this free webinar!

Why should I attend?

Learn how to use the Power Rebate App on your mobile device to complete furnace and air conditioner tune-up and equipment replacement rebate applications in the field. This will decrease administrative paperwork, save time and increase accuracy! The entire presentation is only 30 minutes long.

When can I attend?

Register to attend one of our webinar sessions on Nov. 1 or Nov. 7 at 5 p.m.

RSVP by email to consumershvac@icf.com or call 877-404-7937. If you have any questions, please contact our Account Advocate Team.
