

MADE IN MICHIGAN PROGRAM

2018 HOME PERFORMANCE WITH ENERGY STAR®

CONTRACTOR GUIDELINES

Program Description

Made in Michigan (MIM) is a program that helps support the local Michigan economy and helps Consumers Energy customers save even more on energy efficiency home improvement projects. The program promotes the use of state-manufactured products (containing content that is at least 50 percent Michigan-made) by offering additional rebates for the installation of energy-efficient products that were manufactured in Michigan. Program information—including contractor guidelines, manufacturer affidavits, incentive sheets and applications—is available on the Consumers Energy Trade Ally website, ConsumersEnergyTradeAlly.com/resources/made-in-michigan.

General Requirements

1. Customers must participate through the Consumers Energy Home Performance with ENERGY STAR® (HPwES) Program, or with any Insulation and Windows (INWIN) Trade Ally offering eligible products, to be eligible for incentives under the Consumers Energy MIM Program.
2. Incentives offered under the MIM Program are available for natural gas, electric and combination customers.
3. Incentives are only available for products listed in any of the pre-approved manufacturers' affidavits posted on the Trade Ally website, ConsumersEnergyTradeAlly.com/resources/made-in-michigan. New qualifying products are welcomed and encouraged. To qualify a new product, submit a request by email to Rob.Busby@icf.com, listing the product and contact information for the manufacturer. Rebate requests will not be considered for products that do not have a pre-approved manufacturer's affidavit.
4. Only HPwES and INWIN customer applications submitted between January 1 and December 31, 2018, will be eligible for incentives under the MIM Program.

Rebate Application Instructions

1. All completed MIM rebate applications are to be submitted simultaneously with the corresponding HPwES or INWIN application.
2. Contractors must submit the rebate application and supporting documents via email or the online intake tool. For HPwES projects, submit to CEHPTradeAlly@icf.com. For INWIN projects, submit to CEINWIN@icf.com.
3. MIM rebate applications will be processed at the same time as the corresponding rebate application.
4. HPwES rebate checks for MIM applicants will only be paid to the utility customer, unless both the utility customer (and/or property owner) and the contractor have completed the Rebate Reassignment section of the rebate application.
5. Please call 877-404-7937 or email CEHPTradeAlly@icf.com for assistance regarding the MIM Program. You may also contact your assigned Program Account Manager for further assistance.
